12. You can still opt to receive a plastic membership card, but it is not a guarantee of valid membership. It will not show if a member has been suspended for any reason and therefore not allowed to shoot. Electronic checks of the membership system are not available to all members and require internet service to do this, so may not be possible on the field in some areas.

Do you have access to a reliable way of checking the membership of archers at the field? Please consider guest archers from other clubs and competitions.
