50+ Tassel Status

This year the Tassel Scheme is introducing a 50+ Tassel award. A new badge will be awarded and the 50+ is standalone from the rest of the scheme. This will be for archers that choose to shoot the distance and Tassel badges will only be available at these distances. These are as follows:

Ladies 50+

Metric - non compound bows - 110 metres

Metric - compound bows - 125 metres

Gents 50+

Metric - non compound bows - 125 metres

Metric - compound bows - 165 metres

Claims will only be accepted for the colour badge for which the score applies. As with the scheme in general, "missed" badges cannot be claimed unless shooting with a different bow discipline. As said above claims for 50+ badges can only be made at the above distances.

As far as shoot awards are concerned it is your choice as organiser to decide whether to award 50+ awards at your shoot, but 50+ archers should be allowed to shoot the distances noted above.

For this year the 50+ Tassel Awards will be based on the same qualifying scores as existing Tassel Awards. Following this season these may be adjusted
